Cloud Computing, A Practical Approach Toby Velte, Anthony Velte, Robert Elsenpeter

"The promise of cloud computing is here. These pages provide the 'eyes wide open' insights you need to transform your business." --Christopher Crowhurst, Vice President, Strategic Technology, Thomson Reuters

A Down-to-Earth Guide to Cloud Computing

Cloud Computing: A Practical Approach provides a comprehensive look at the emerging paradigm of Internet-based enterprise applications and services. This accessible book offers a broad introduction to cloud computing, reviews a wide variety of currently available solutions, and discusses the cost savings and organizational and operational benefits. You'll find details on essential topics, such as hardware, platforms, standards, migration, security, and storage. You'll also learn what other organizations are doing and where they're headed with cloud computing. If your company is considering the move from a traditional network infrastructure to a cutting-edge cloud solution, you need this strategic guide.

Cloud Computing: A Practical Approach covers:

- Costs, benefits, security issues, regulatory concerns, and limitations
- Service providers, including Google, Microsoft, Amazon, Yahoo, IBM, EMC/VMware, Salesforce.com, and others
- Hardware, infrastructure, clients, platforms, applications, services, and storage
- Standards, including HTTP, HTML, DHTML, XMPP, SSL, and OpenID
- Web services, such as REST, SOAP, and JSON
- Platform as a Service (PaaS), Software as a Service (SaaS), and Software plus Services (S+S)
- Custom application development environments, frameworks, strategies, and solutions
- Local clouds, thin clients, and virtualization
- Migration, best practices, and emerging standards

From reader reviews:

Lamont Williams:

Your reading 6th sense will not betray a person, why because this Cloud Computing, A Practical Approach book written by well-known writer we are excited for well how to make book that could be understand by anyone who read the book. Written in good manner for you, leaking every ideas and writing skill only for eliminate your hunger then you still hesitation Cloud Computing, A Practical Approach as good book not just by the cover but also by the content. This is one publication that can break don't determine book by its deal with, so do you still needing yet another sixth sense to pick this specific!? Oh come on your reading through sixth sense already told you so why you have to listening to yet another sixth sense.

Kimberly Pratt:

Don't be worry for anyone who is afraid that this book may filled the space in your house, you will get it in e-book approach, more simple and reachable. This particular Cloud Computing, A Practical Approach can give you a lot of close friends because by you checking out this one book you have factor that they don't and make an individual more like an interesting person. This book can be one of a step for you to get success. This e-book offer you information that possibly your friend doesn't understand, by knowing more than different make you to be great persons. So , why hesitate? We should have Cloud Computing, A Practical Approach.

Robert Oshea:

As a university student exactly feel bored for you to reading. If their teacher requested them to go to the library as well as to make summary for some e-book, they are complained. Just very little students that has reading's heart or real their leisure activity. They just do what the instructor want, like asked to go to the library. They go to at this time there but nothing reading really. Any students feel that examining is not important, boring and can't see colorful images on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Cloud Computing, A Practical Approach can make you feel more interested to read.

Ann Reiter:

A lot of people said that they feel fed up when they reading a publication. They are directly felt the idea when they get a half parts of the book. You can choose the actual book Cloud Computing, A Practical Approach to make your reading is interesting. Your own skill of reading proficiency is developing when you similar to reading. Try to choose basic book to make you enjoy to study it and mingle the feeling about book and examining especially. It is to be initially opinion for you to like to available a book and study it. Beside that the book Cloud Computing, A Practical Approach can to be a newly purchased friend when you're truly feel alone and confuse with what must you're doing of their time.
